FIMMDA and PDAI play important roles in knowledge and skill development of market participants of the Fixed Income, Money Markets and Derivatives segments on an ongoing basis. For achieving these objectives, FIMMDA-PDAI holds Annual Conference every year to discuss and deliberate topics of importance to the industry. We now plan to hold the 21<sup>st</sup> FIMMDA-PDAI Annual conference during April 30 - May 3, 2020 at Barcelona.

FIMMDA-PDAI annual conferences are always rich in content, quality and relevant to the industry. The panel discussions are lauded for the content and the relevance to the ongoing issues. The suggestions that emerge out of the conference have always been marked for further discussion/ implementation. The country is looking forward to US\$ 5 trillion economy and this year our Conference looks at this prospect and the Role of Financial Markets in achieving this objective. **This year we will be delighted to have with us the Governor RBI Shri. Shaktikanta Das as the Chief Guest.**

This Conference will provide an opportunity for the market professionals from the Indian Fixed Income and Derivatives markets to discuss and interact with each other, distinguished speakers and panelists. It will help them gain insights into the emerging global regulations, risk management and opportunities while trading with best practices.

**Like in the past, the regulators always emphasized upon attendance by the HEADS of TREASURIES of all Institutions, ably supported by their senior executives to make it more meaningful and beneficial for our markets. So, we request all the heads of treasuries to make their gracious presence felt at the conference.**

We shall be sending Program Agenda for the Conference shortly, which will also be published on our website ([www.fimmda.org](http://www.fimmda.org)).
